

29.10.2020

Dear Ms. Solomatina,

Our international Cannes Corporate Media & TV Awards 2020 expert jury had the pleasure to review a large number of high-quality films this year. Out of 844 submissions, 196 films were selected as finalists and out of these, 136 will be awarded a dolphin trophy.

We are delighted to inform you that your film

“The secret life of electrical appliances”

was selected to receive a **Finalist Certificate**

in the category A3 – Marketing Communication – B2C

at the 11th Cannes Corporate Media & TV Awards.

Congratulations!

Awards Days

Due to the current and ongoing international situation, we had no other choice than to cancel this year's Awards Days. We discussed and considered some other solutions and we definitely did not treat this decision lightly. Unfortunately, continuously varying travel restrictions made it impossible to plan and organize an event with guests from all over the world under these circumstances.

Winner Announcement

By the end of November 2020, all finalists and awards winners will be officially announced. You will then also receive a winner badge and other materials for your communication purposes. Your Finalist Certificate will be shipped via parcel service at the end of November.

We highly appreciate that you were a part of the 11th Cannes Corporate Media & TV Awards and hope to welcome you to the next edition of our festival in 2021!

Kind regards,

Alexander V. Kammel
Festival Director
